MAYSVILLE, KY., SATURDAY, MAY 19, 1906.

ONE COPY—ONE CENT.

Backward, turn backward, ob, time, in your flight; Feed me on gruel again just for tonight. I am so weary of sole-leather steak, Petrified biscuits and vulcanized cake; Oysters that sleep in watery bath, And butter as strong as Goliath of Gath. Weary of paying for what I can't eat, Chewing up rubber and calling it meat.

Backward, turn backward, how weary I am: Give me a swipe at grandmother's jam; Let me drink milk that hasn't been skimmed. Let me eat butter whose whiskers are trimmed: Let me once more have an old-fashioned pie, Then I'll be ready to curl up and die.

I was not present, and did not hear the statement, but I am credibly informed that Dr. J. ALLEN Dodson, member of Council from the

Second Ward, and Secretary of the Street Paving Committee, at the last meeting of Council, said that he, or his Committee, felt that THE LEDGER and The Bulletin had charged an "exorbitant" price for printing the voluminous Street Paving Ordinance-that the same work was done at Ashland, or Hunt-

ington, or somewhere, for about \$40 or \$60, or words to that effect. This, very naturally, would lead the public to believe that both the Maysville papers were "grafters," whether the speaker intended to convey such meaning or

I have had some little practical experience in printing, covering a period of more than fifty years, and promptly took exception to the gentleman's statement. Not content to rely upon my own judgment, however, as to the utter absurdity of the claim that "the same work," or anything akin to it, had been done by papers elsewhere for \$40, or \$60, or any like sum, I wrote to Colonel George F. Friel, Editor and Manager of The Ashland Independent, which printed the Street Paving Ordinances for that city, telling him of Councilman Dodson's allegation as to cost; and here's his reply-

> ASHLAND INDEPENDENT PUBLISHING Co., ASHLAND, KY., May 17th, 1906.

Colonel Thomas A. Davis, Maysville, Ky.—Dear Sir: In reply to your favor of the 15th inst. allow us to say that our advertising against the city of Ashland for the month of March amounted to over \$300. It was all charged up at the rate of 25 cents per inch per insertion, and set in 8-point machine type.

They only run the ordinances one time here, and this probably accounts for the supposedly low rate.

You are at liberty to use our communication in any

manner you may see fit. .Command us any time.

Fraternally yours, G. F. FRIEL.

For the benefit of Mr. Dodson, and all who care to possess technical knowledge along that line, I will explain that the ordinance as published in The Ledger and The Evening Bulletin was set in 6-point type leaded, 9 lines to the inch. It made a total of 144 inches, and was printed 6 times, making in the aggregate 864 inches, which was charged at 25 cents per inch=\$216.

In Ashland, the ordinances were set in 8point type leaded, 7 lines making an inch, and they were printed only 1 time.

Now, with the gain of 2 lines on every inch, as shown above, if the Maysville ordinance had been set in 8-point type as was used in Ashland, there would have been an increase of 414 inches in length, and the cost for printing it 6 times would have been \$277.68, or \$61.68 more than THE LEDGER and The Bulletin each "exorbited" from the taxpayers of Maysville, as alleged by Mr. Dodson.

It is simple truth to tell that I myself suggested that the Maysville ordinance be set in 6-point leaded, for the reason, first, to make it easily read, and, secondly, to prevent it from stretching out over nearly two pages of the paper and entailing unnecessary cost on the city.

Nor has it been considered that both Maysville papers were obliged to issue supplements on each of the six days on which the ordinance appeared, thus necessitating considerable extra expense to them.

From all of which it would seem that the Secretary of the Street Paving Committee should be fortified with facts and not again let his voice go off at half cock, and that he owes it to the local newspapers, no less than to himself, to make a correction of his statement as publicly as he made his accusation.

After the above was put in type the following was received-

MAYSVILLE, KY., May 17th, 1906. Mr. Thomas A. Davis, Editor Public Ledger, Maysville, Ky .- Dear Sir: I am, as you state in your editorial of yesterday, averse to personal controversy, but I feel that the aforesaid editorial did me an injustice in accusing me of throwing graft in your teeth.

My statement in Council did not imply that the newspapers had worked a graft, and I think you will find there is a vast amount of difference between the word graft," as it is usually accepted, and the word "exorbitant," even in its broadest sense.

I wish to state plainly that I never once thought of accusing you or any one else of "graft," and am very sorry that you so took it. My motion in the City Council was "that the Street Paving Committee thought they had been charged an exorbitant price for the printing of the Street Paving Ordinance in the newspapers, I therefore move that in the future all public printing that is paid for out of the public fund be given to the lowest and best bidder," and I do not think that such a motion should have called forth such a tirade as you have heaped on us.

The City Council had established a precedent in the refunding of licenses, and Mr. DERSCH made the motion to refund the license, to which Mr. LEE added an amendment that after all the expense the city had been put to, such as special police, cleaning up the streets, &c., had been paid, then the balance to be refunded, and the gentlemen who gave the street fair paid these expenses, even to the extra police on circus day; and I would remind you that always heretofore the city has been out just the amount that this extra expense entailed.

Trusting that this controversy is at an end, and that neither one of us will have occasion to refer to it again, Dr. J. A. Dodson. I am, very respectfully,

Mr. Dodson having disclaimed any intent of charging the newspapers with "graft," from the letter of Colonel Friel, and the facts set forth in the first part of this article, it strikes me that it is now in order for him to get right square on top of the water tank and to withdraw his assertion that they have charged an "exorbitant" price for their work, or even charged as much as would have been charged elsewhere. When Mr. Dodson does this simple act of justice, this "controversy" may be "at an end."—Ed. Ledger.

"THE TIME HAS COME,"

THE WALRUS SAID,
"TO SPEAK OF MANY THINGS"-

OF RIMS AND SPOKES,
OF BUGGY TOPS,
OF PAINTED GEARS AND SPRINGS.

The time is now opportune and the place is here. Come in and let us show you how the foremost manufacturers of vehicles have so cleverly

combined rim, spoke, top, gear and spring as to turn out a job that is as near perfection as can be made. If you are thinking of buying you cannot afford to overlook our repository.

We are always glad to see you, and shall take pains to explain all the points of the vehicle to you, that you may not buy with your eyes closed. We cannot afford to "do" you, as we expect to stay in business in Mays-

ville the rest of our days, and there-fore we cannot afford to lose one cus-

tomer. Come in, and we will guar-antee you a fair and square deal. Yours for "Greater Maysville,"
